

Portable suction unit

Model : 9E-A

Features:

1. Which high negative pressure, large flux, low noise.
It is a brand design with suction bottle hidden inside and circular negative pressure meter on plastic panel.
2. It adopts advanced overflow-protection design ,which can prevent pus and mucus from leaking into the machine.
3. Compact,lightweight,and easy to carry especially suitable for emergency and outdoor use.

Technical features:

Voltage : AC220V±10%, 50Hz±2%
Input power: 90VA
Noise: ≤65dB
Max negative pressure value: ≥0.075MPa
Pumping rate: 15L/min
Jug volume:1000mL
